MESSAGE FROM CDOE

Dear Students,

It is a pleasure welcoming you to Jamia Millia Islamia for the **DECCE** Programme under distance mode being offered at the Centre for Distance and Online Education.

Education, needless to reiterate, is a *sine qua non* for the growth of a nation and personality development of its citizens. Plagued by the existence of various structural problems and prejudicial practices leading to divisiveness in the social order, various governments that have struggled to evolve an egalitarian order based on Gandhiji's dream of social justice and Nehru's meditations on equity have finally found an answer in education. Distance education is one of the many, multi-pronged instruments adopted to promote literacy across India. It aims not just to foster social mobility and lifelong education but also to uphold the core values of Indian society, that is, democracy, secularism, social justice and equality of opportunity.

The Jamia Millia Islamia in its endeavor to endorse and promote these values and advance literacy, has pledged to take education to the doorsteps of the learners

I wish you success in your educational endeavors.

1. ABOUT THE PROGRAMME

1.1 Introduction to the Programme

Centre for Distance and Online Education is offering the DECCE (Distance Mode) Programme keeping in mind the heterogeneous nature and varied needs of that section of our society which for some reason or the other has missed or has not had the opportunity for further studies in conventional colleges or universities, or belong to far flung areas or to the deprived sections of the society. The aim of this programme is to prepare and train practicing early childcare workers to manage and run Early Child Care and Education (ECCE) Centres effectively. It will also help to develop understanding and competencies required to work with young children (i.e. children below 6 years) in various childcare centres like crèches, preschools and balwadis. ECCE experience is crucial for a young child. Its importance has been reiterated in National Policy of Education (1986) and is highlighted again in National Education Policy (NEP 2020) as a feeder and support programme for primary education. Therefore, there is a need to train people and develop knowledge, skills and attitudes towards ECCE. The programme will be of special relevance for nursery teachers, managers and supervisors, as it will enable them to work in or to set up and run their own childcare centres, thereby furthering employment opportunities.

This Programme will ensure the professional improvement and career advancement of the teachers and others working in an ECCE Centre by enhancing not only their knowledge regarding the growth and development of the children but also by developing their skills and competencies to manage and run an ECCE Centre effectively.

Objectives of the course

Early childhood care and education (ECCE) is more than preparation for primary school. It aims at the holistic development of a child's social, emotional, cognitive and physical needs in order to build a solid and broad foundation for lifelong learning and wellbeing. ECCE has the possibility to nurture caring, capable and responsible future citizens. The aim of Early

Childhood Care and Education is to facilitate optimum development of the child's full potential and lay the foundation for all round development and lifelong learning. While parents and home have the main responsibility of the welfare of the child, a strong partnership between the community and the ECCE centre is important for the well-being of the child.

DECCE-O4: Project Work

Project Work (200 Marks)

This programme involves the activities for which the student-teacher will be placed in a nursery school / preschool for 30 days. The student-teacher will be required to carry out activities with the children in the nursery school/preschool and prepare Activity Plans and Reports. These Activity plans and Reports will then be compiled as a Project File and submitted to the Learner Support Centre for evaluation. **The student will be assigned a guide supervisor who will be a teacher from the nursery school / preschool in which the student is placed for the Project Work.**

Details of activities for which reports are to be submitted

A student will have to select four activities for project work worth **200** marks from the activities given below. The activity 1st and 2nd are compulsory while the student may select any four from the activities between 3 to 8. A brief outline of the projects within each activity is given below. Choose the project keeping in view your area of interest.

S. No.	Name of the Activity	Marks
Compulsory Activities		
1.	Classroom Transaction	50

2.	Classroom Management	50
Optional Activities (Any Four)		
3.	Setting up a Child Care Centre	25
4.	Observing Children	25
5.	Developing Resource Material	25
6.	Health & Nutrition	25
7.	Inclusion of students with special needs	25
8.	Reflective Journal	25

Activity 1: Classroom Transaction

1. Study as to how teachers create a caring and stimulating classroom, how they involve parents in the learning process, and how they work with students on both academics and issues such as self-esteem etc.
2. Plan learning experiences for young students. You may plan to teach many different subjects and use many different kinds of teaching tools to help each student develop physically, emotionally, mentally, and socially.
3. Prepare a report on how you performed the following duties. You may elaborate on how you:
 - Prepared programme objectives following the curriculum guidelines.
 - Presented subject matter to students using a variety of teaching methods. Worked with groups of students and individuals.
 - Helped students with academic and personal problems.
 - Assigned lessons, corrected papers, and heard oral presentations. Taught rules of conduct.
 - Maintained order in the classroom and on the playground.
 - Kept attendance records, grades, anecdotes, and test scores. Coordinated and conducted field trips.
 - Discussed academic achievements and behavioral attitudes with parents or guardians.

Activity 2: Classroom Management

1. Preparation of a report based on your peer observation of 5 lessons / personal teaching experiences covering the following components:
 - communications (verbal and non verbal nature of teacher learner interaction)
 - environment (physical and psychological)
 - organization (suitability of material, teaching aids used, class layout & arrangement etc)
 - Classroom Control (power structure- authoritative, authoritarian, democratic etc.)
2. List classroom management issues that bothered you and offer strategies for the resolution of the same.

Activity 3: Setting up a Child Care Centre

Childcare can be an exciting and rewarding field. It can be a wonderful opportunity to have an impact on the lives of children and their families. Caring for children is also a tremendous responsibility.

1. Prepare a project report focusing on various considerations for setting up an early childcare centre. You may choose any four of the following:
 - child care needs in your community;
 - licensing requirements and professional standards;
 - legal requirements such as zoning, insurance, and taxes;
 - business plan for starting and operating a small business;
 - costs of centre start-up and operations;
 - design of the facility, including appropriate use of indoor and outdoor spaces;
 - suitable equipment and materials;
 - Staff recruitment, training, and compensation;. Policy and procedures for staff and families;
 - health and safety issues, including accident and illness prevention and emergency procedures;
 - curriculum and schedule of activities that meet the needs of the children; and
 - Connections with community services and organizations.

2. Report on school's experience regarding alignment of standards, curriculum, and assessment.
3. Report on steps to increase the availability, affordability, quality, and coordination of services offered to young children and their families. .
4. Analytic review of research, literature, and current practices and policies related to the early care and education workforce.
5. Recommendations called for improvement of programme quality, development of a child based, results-driven system, engagement of parents and families as partners in children's programmes.
6. A survey aimed at identifying existing needs and resources for setting up of childcare centre in an area.
7. Examining the records maintained by an Early Child Care Centre (administrative, academic & financial – choosing any one)

Activity 4: Observing Children

1. A Study of Young Children's Emotional Health: you may pursue a case study to highlight individual, family, and neighborhood influences, impact of interaction of neighborhood and family resources and the opportunities and challenges they present for enhancing the well-being of children.
2. Preparation of a report on how you helped students explore their interests, develop their talents and independence, build self--esteem, and learn how to behave with others.

Activity 5: Developing Resource Material

You may develop any one of the following:

1. Effective programs with explicitly stated, developmentally appropriate material & equipment that support children's self-initiated learning activities.
2. Learning kits for different subject areas.

3. Lessons and fun activities about the nutritional needs which children should be learning today for a healthier life tomorrow...from basic food groups to servings to manners to menu planning and many more!
4. A collection of games and activities designed to help educators, parents and others promote healthful. Behaviours in young children.

Activity 6: Health & Nutrition

1. Prepare a planner containing information on meal requirements of preschool children, advice on how to serve high-quality meals and snacks, menu planning, nutrition education ideas and tips and compare it with dietary practices of the school.
2. Frame about 25 guidelines on incorporation of healthy eating and fun physical activity into a child's daily schedule.
3. Prepare health and physical profile of preschoolers you dealt with.
4. Understanding the mental health of preschoolers. Design strategies to help preschoolers deal with

a. Anger

Points of focus:

- Conflict over possessions, which involves someone taking children's property or invading their space.
- Physical assault, which involves one child doing something to another child, such as pushing or hitting.
- Verbal conflict, for example, a tease or a taunt.
- Rejection, which involves a child being ignored or not allowed to play with peers.
- Issues of compliance, which often involve asking or insisting that children do something that they do not want to do—for instance, wash their hands.

b. Fears and Anxieties

Points of focus:

- Separation anxiety
- Fear of strangers
- Anxiety arising out of transition from unstructured to structured environment and
- Other phobias

Activity 7: Inclusion of Students with Special Needs

1. Report including overview of legislation, a glossary of terms, a brief review of current research, some recommendations regarding inclusion.
2. Identify individual differences and design strategies for meeting the diverse needs of young children in your *class*.

Activity 8: Reflective Journal

The students have to prepare a Reflective journal on the basis of their Internship. The students may focus on their thoughts, feelings, emotions and document it in the form of a journal. The students will maintain a detailed reflective journal, documenting their observations & reflections under the following categories:

1. Pre-School as an Organisation
2. Classroom Observation
3. LEarners & Learning Processes
4. Interaction with Teachers & Pre-School Staff
5. Reflection and Analysis

1.7 Workshop

A **six-day workshop** is part of the DECCE (Distance Mode) Programme. Every student is required to attend this workshop. The aim of organising this workshop is to help the students understand and undertake the Project Work in an organized and systematic manner, enabling them to learn more and participate in the Project Work activities with greater insight and command. The entire workshop will be divided into 4 sessions each day of workshop. Each session will cover one practical activity. The Programme incharge and the academic counsellor (s) will conduct the workshop. Some sessions will have group participation & group discussions while some activities will be carried out individually. The session will be

interactive where the students will share their observations and experiences with the fellow students and the facilitator.

Note: It is **mandatory for all the students to attend the sessions of the workshop**. 80% attendance is mandatory. If any student is unable to attend the workshop, the student has to do it with the next batch by paying a DD of Rs. 1000 in favour of JMI payable at New Delhi.

2. COUNSELLING SESSION

Counselling sessions are held at the study centre normally on weekends within the general academic scheduled of the Programme. **It may be noted that the counselling sessions are not conventional classroom teaching. Lectures will be largely based on discussions which will help to overcome difficulties faced by the candidates while going through the SLM.**

In these sessions you must try to resolve subject related difficulties if any. Before you proceed to attend the counselling sessions, please go through your course material and identify the points to be discussed. The assignments, project work will also be discussed in the sessions. The detailed schedule of the counselling sessions will be made known to you by the Coordinator of your Study Centre.

Counselling sessions will be organized in all theory programmes. There will be 6 sessions of 2 hours each in each theory course. Attending the counselling sessions is not mandatory, nevertheless is always in the interest of learners to attend these sessions.

The detailed schedule of the counseling sessions will be available on the Google Classroom and also on the University Website: <https://www.jmi.ac.in/cdol/cschedule>

2.1 Mode of Instruction

It is based on Self-Learning Study Material prepared and supplied by CDOE, besides counselling sessions and other exercises such as assignments etc.

2.2 Google Classroom

A Google Classroom is created for every programme and batch immediately after the admission formalities are completed. Students are informed about all the activities of the programme like Orientation Programme, Counselling Sessions' schedule, Workshop schedule, assignments, internship, etc. through Google Classroom.

Note: The students must note the code of joining Google Classroom immediately after completing the documents verification process and paying the programme fee. The code is available with the Programme Coordinator.

3. CDOE, JMI Website

The CDOE, JMI has a website wherein a student gets connected with the Centre by receiving notices on the website such as updates regarding academic activities pertaining to their Programme. Further, they should follow the Academic Calendar provided to them for the current academic year.

4. ACADEMIC CALENDAR

The academic calendar provides important dates and other relevant information corresponding to activities such as Counseling, Assignments, and Examinations etc. **Try to keep an eye on the important dates given in your academic calendar for different activities. You can view and download your academic calendar from JMI website – <https://www.jmi.ac.in/bulletinboard/academic-calendar/cdol> as well as on the notice board of Centre for Distance and Online Education.**

5. LEARNER SUPPORT CENTRE

The Study Centre to which you have been admitted will remain your Study Centre till you clear all components of the programme within the maximum time limit permitted. No student would be permitted to change his/her Study Centre at any point of time during the programme duration. All the activities related to Counselling Assignments and Annual Examination will be held at the Study Centre only. However, the CDOE, JMI reserves the right to discontinue/change the Examination/Study Centre at any point of time as it deem appropriate.

6. EVALUATION SYSTEM

6.1 Assignments

Assignments are a part of continuous evaluation system. The submission of assignments is compulsory. Assignments of a programme carry about 30% weightage.

Assignments are designed in such a way as to help you concentrate mainly on the programme material (SLM). However, access to other books and sources will be an added advantage in your academic pursuits.

Assignments reports will be covered only in Assignments booklet provided along with SLMs.

Assignments should be hand written. Typed or printed assignments **shall not be** entertained.

For your own record it is advisable to retain a copy of all the assignment responses.

You have to submit the Assignments to the Study Centre on or before the last date of submission mentioned in the Academic Calendar.

Write your Name and Roll Number correctly and legibly on the Assignment booklet.

Getting pass percentage in assignments is mandatory. If you do not get passing marks in any assignment, you have to submit a fresh assignment in consultation with the Programme Coordinator. However, once you get the passing marks in an assignment, you cannot re-submit it for improvement of marks.

6.2 Annual Examinations

Annual examination is the major component of the evaluation system and it carries 70% weightage in a final result. You must fill in the Annual Examination form and send to the Centre for Distance and Online Education, **Jamia Millia Islamia, Jamia Nagar, Okhla, New Delhi-110025.**

6.2.1 Annual Examination Form

For appearing in the subsequent Annual Examination, the students have to fill the online examination form. The students will receive the link for the portal to fill the online examination form on their e-mail ID and CDOE, JMI website. The examination forms should be submitted on or before the last date mentioned in **the Academic Calendar.**

6.2.2 Annual Examination Date-sheet

On receipt of your Examination Form, the Admit Card can be downloaded 15 days before the commencement of the annual Examination. In case you fail to receive the Admit Card 10 days before the commencement of examination, you may contact CDOE/your Study Centre/ Examination Centre. A duplicate admit card will be issued at the time of Examination.

Examinations Date-sheet will be uploaded on the website much in advance before the commencement of the Examination. https://www.jmi.ac.in/cdol/examination_datesheet

While submitting your Examination Form for the annual examinations, it is your responsibility to check whether you are registered for the programme and whether you are eligible to appear for that examination and have deposited the required fees. If any of the above requirements are found missing, your examination is liable to be cancelled.

7. ANNUAL EXAMINATION RESULT

The evaluation consists of two parts (i) Assignments (ii) Annual Examination. In the final result all the Assignments of a programme will carry 30% weightage while 70% weightage will be given to the Annual Examination.

- (ii) Re-evaluation of scripts will not be allowed in more than one third of the written papers of an annual examination.
- (iii) The original statement of marks issued to the candidate shall accompany each application for re-evaluation.
- (iv) Re-evaluation shall not be permitted in the case of practical examinations, viva voce, project examination, assignments/internal assessment, etc.
- (v) The candidate applying for re-evaluation shall be required to pay the prescribed fee per paper.
- (vi) Merit list, declared in the results of the respective examination, shall not be prejudiced owing to re-evaluation of scripts.
- (vii) If there will be any change in the result of the examination due to re-evaluation of answer scripts, no examinee can complain in the court of law, nor any action can be initiated against the examiner(s) concerned.
- (viii) If the award of the re-evaluator (second examiner) varies from the original award up to and including $\pm 5\%$ of the maximum marks secured earlier, the original award shall stand.
- (ix) If the award of the re-evaluator varies from the original award to more than $\pm 20\%$ of the maximum marks secured earlier, the answer script shall be sent to the second re-evaluator (third examiner).
- (x) The average of the marks awarded by the second and third examiner shall be final.
- (xi) Applications for re-evaluation of answer scripts only for annual examination shall be accepted.
- (xii) Answer scripts of those examinees who appeared for improvement of division or percentage of marks shall be final and shall not be re-evaluated.

7.4 Improvement of Result

A student may be allowed to appear in the examination for improving his/her result provided that:

- (i) The student has successfully completed all the requirements/clearance of all papers required for the award of the Diploma;
- (ii) The student can apply **for improvement in a maximum of one theory paper** in the successive year (Annual Examination) following the declaration of his/her final result;
- (iii) Better of the two marks obtained by the student will be considered as final;
- (iv) In case of students who apply for improvement but do not appear in desired paper(s), their previous marks in these paper(s) shall be counted; and
- (v) The students will have to appear in the improvement examination on the basis of the current syllabus in the same paper. However if the paper is changed (title & contents) then the student would appear as per the old syllabus of the paper(s).
